Offerors should not submit a proposal unless they can provide at least two references for similar work done within the past two to five years.

Where two or more Offerors desire to submit a single proposal in response to this RFP, they should do so on a prime/Subcontractor basis rather than on a joint venture basis. STAR Transit intends to contract with a single Offeror and not with multiple Offerors doing business as a joint venture. However, multiple awards may need to be made to complete the entire task list. One award is preferred.

The selected Offeror will NOT be allowed to utilize a finance company for the purpose of factoring invoices. Payment for services will be in the form of check made out to the company indicated in the contract terms.

Communication or correspondence in regard to any aspect of this solicitation or offers will only be with the Contracting Officer or her designated representative. Offerors shall not make any contact with or communicate with any other members of STAR Transit, its employees and consultants.

Addendum to RFP

STAR Transit reserves the right to amend the RFP at any time. Any amendments to or interpretations of the RFP will be in written addendum. Prospective Offerors officially known to have received the RFP will be emailed or mailed the addendum. Offerors are responsible to collect the addendum from the Contracting Officer. Failure of any prospective Offeror to receive addendum will not relieve the Offeror from any obligation under its proposal as submitted or under the RFP, as clarified, interpreted or modified. All addendum issued will become part of the RFP. Prospective Offerors must acknowledge the receipt of each individual addendum in their proposal. Failure to acknowledge any addendum in the submitted proposals may at STAR Transit's sole option disqualify the proposal.

If STAR Transit determines that the addendum may require significant changes in the preparation of proposals, the deadline for submitting the proposals may be postponed to allow Offerors sufficient time to revise their proposals and the new due date shall be included in the addendum.

Conditions, Exceptions, Reservations or Understandings

Proposals stating conditions, exceptions, reservations or understandings (hereinafter "deviations") relating to the RFP may be rejected. Offerors may submit an alternate proposal that states deviations so long as a basic proposal not containing deviations is submitted. Offerors may propose alternates either within one overall proposal or by submitting more than one proposal.

Any and all deviations must be explicitly, fully and separately stated in the proposal by completing the Proposal Deviation Form, setting forth at a minimum the specific reasons for each deviation so that it can be fully considered and, if appropriate, evaluated by STAR Transit. REFERENCES	5%
COMPLETENESS/ ADHEARING TO INSTRUCTIONS	10%
PRIOR EXPERIENCE, QUALIFICATIONS AND COMPANY HISTORY	15%
DELIVERY TIME/ SCHEDULE	35%
PRICING STRUCTURE	35%

All aspects of the evaluations of the proposals and any discussions/negotiations, including documentation, correspondence and meetings, will be kept confidential during the evaluation and negotiation process.

Proposals will be analyzed for conformance with the instructions and requirements of the RFP and Contract documents. Proposals that do not comply with these instructions and do not include the required information may be rejected as insufficient or not be considered for the competitive range. STAR Transit reserves the right to request an Offeror to provide any missing information and to make corrections. Offerors are advised that the detailed evaluation forms and procedures will follow the same proposal format and organization specified in Instructions to Offerors. Therefore, Offerors shall pay close attention to and strictly follow all instructions. Submittal of a proposal will signify that the Offeror has accepted the whole of the Contract documents, except such conditions, exceptions, reservations or understandings explicitly, fully and separately stated on the forms and according to the instructions of Form for Proposal Deviation. Any such conditions, exceptions, reservations or understandings which do not result in the rejection of the proposal are subject to evaluation under the criteria of Proposal Evaluation Criteria.

STAR Transit will select for any award the highest ranked proposal from a responsible Offeror, qualified under Qualification Requirements which does not render this procurement financially infeasible and is judged to be most advantageous to STAR Transit based on consideration of the evaluation Proposal Evaluation Criteria.

Evaluations of Competitive Proposals

Qualification of Responsible Offerors. Proposals will be evaluated to determine the responsibility of Offerors. A final determination of an Offerors responsibility will be made upon the basis of initial information submitted in the proposal, any information submitted upon request by STAR Transit, information submitted in a BAFO if requested by STAR Transit and information resulting from STAR Transit's inquiry of Offeror's references and its own knowledge of the Offeror.

Detailed Evaluation of Proposals and Determination of Competitive Range. Each proposal will be evaluated in accordance with the requirements and criteria specified in "Proposal SelectionProcess".

The following are the minimum requirements that must be met for a proposal to be considered for the competitive range. All of these requirements must be met; therefore, they are not listed by any particular order of importance. Any proposal that STAR Transit finds not to meet these requirements, and may not be

made to meet these requirements, may be determined by STAR Transit to not be considered for the competitive range. The requirements are as follows:

Offeror is initially evaluated as responsible in accordance with the requirements of “Qualification Requirements”, or that STAR Transit finds it is reasonable that said proposal can be modified to meet said requirements. Final determination of responsibility will be made with final evaluations.

Offeror has followed the instructions of the RFP and included sufficient detailed information, such that the proposal can be evaluated. Any deficiencies in this regard must be determined by STAR Transit to be either a defect that STAR Transit will waive in accordance with “Acceptance/Rejection of Proposals” or that the proposal can be sufficiently modified to meet these requirements.

Proposal price would not render this procurement financially infeasible, or it is reasonable that such proposal price might be reduced to render the procurement financially feasible.

STAR Transit will carry out and document its evaluations in accordance with the criteria and procedures of “Proposal Selection Process”. Any extreme proposal deficiencies which may render a proposal unacceptable will be documented. STAR Transit will make specific notes of questions, issues, concerns and areas requiring clarification by Offerors and to be discussed in any meetings held with Offerors which STAR Transit finds to be within the competitive range.

Rankings and spreads of the proposals against the evaluation criteria will then be made by STAR Transit as a means of judging the overall relative spread between proposals and of determining which proposals are within the competitive range or may be reasonably made to be within the competitive range.

Proposals not within the Competitive Range. Offerors of any proposals that have been determined by STAR Transit as not in the competitive range and cannot be reasonably made to be within the competitive range, will be notified in writing.

Discussions with Offerors in the Competitive Range. The Offerors whose proposals are found by STAR Transit to be within the competitive range or may be reasonably made to be within the competitive range, will be contacted by STAR Transit to answer any questions and/or requests for clarifications. Each such Offeror may be invited for a private interview(s) and discussions with STAR Transit to discuss answers to written or oral questions, clarifications, and any facet of its proposal.

In the event that a proposal, which has been included in the competitive range, contains conditions, exceptions, reservations or understandings to any Contract requirements as provided in “Form for Proposal Deviation”, said conditions, exceptions, reservations or understandings may be negotiated during these meetings. However, STAR Transit shall have the right to reject any and all such conditions and/or exceptions and instruct the Offeror to amend its proposal and remove said conditions and/or exceptions; and any Offeror failing to do so may cause STAR Transit to find such proposal to be outside the competitive range.

No information, financial or otherwise, will be provided to any Offeror about any of the proposals from other Offerors. Offerors will not be given a specific price or specific financial requirements they must meet to gain further consideration, except that proposed prices may be considered to be too high with respect to the marketplace or unacceptable. Offerors will not be told of their rankings among the other Offerors.

1. **Best and Final Offers (BAFO).** Offerors are reminded the BAFO’s may not be requested and therefore their first submission should always be their best possible offer. If BAFO’s are requested, once all interviews have been completed, each of the Offerors in the competitive range will be afforded the opportunity to amend its proposal and make its BAFO. The request for BAFO’s shall include:
 - a. Notice that discussions/negotiations are concluded;
 - b. Notice that this is the opportunity for submission of a BAFO;
 - c. A common date and time for submission of written BAFO’s, allowing a reasonable

- opportunity for preparation of the written BAFO's;
- d. Notice that if any modification to a BAFO is submitted, it must be received by the date and time specified for the receipt of BAFO's and is subject to the late submissions, modifications, and withdrawals of proposals provisions of the Request for Proposal;
 - e. Notice that if Offerors do not submit a BAFO or a notice of withdrawal and another BAFO, their immediate previous offer will be construed as their BAFO.

Any modifications to the initial proposals made by an Offeror in its BAFO shall be identified in its BAFO. BAFO's will be evaluated by STAR Transit according to the same requirements and criteria as the initial proposals "Proposal Selection Process". STAR Transit will make appropriate adjustments to the initial scores for any sub-criteria and criteria which have been affected by any proposal modifications made by the BAFO's. These final scores and rankings within each criterion will again be arrayed by STAR Transit and considered according to the relative degrees of importance of the criteria defined in "Proposal Evaluation Criteria".

STAR Transit will make the award to the responsible Offeror whose proposal is most advantageous to STAR Transit. Accordingly, STAR Transit may not necessarily make an award to the Offeror with the highest technical ranking nor award to the Offeror with the lowest price proposal if doing so would not be in the overall best interest of STAR Transit.

STAR Transit reserves the right to make an award to an Offeror whose proposal it judges to be most advantageous to STAR Transit based upon the evaluation criteria, without conducting any written or oral discussions with any Offerors or solicitation of any BAFO's.

1.6 RESPONSE TO PROPOSALS ACCEPTANCE/REJECTION OF PROPOSALS

STAR Transit reserves the right to reject any or all proposals for sound business reasons, to undertake discussions with one or more Offerors, and to accept that proposal or modified proposal which, in its judgment, will be most advantageous to STAR Transit, price and other evaluation criteria considered. STAR Transit reserves the right to consider any specific proposal which is conditional or not prepared in accordance with the instructions and requirements of this RFP to be noncompetitive. STAR Transit reserves the right to waive any defects, or minor informalities or irregularities in any proposal which do not materially affect the proposal or prejudice other Offerors.

If there is any evidence indicating that two or more Offerors are in collusion to restrict competition or otherwise engaged in anti-competitive practices, the proposals of all such Offerors shall be rejected and such evidence may be a cause for disqualification of the participants in any future solicitations undertaken by STAR Transit.

STAR Transit may reject a proposal that includes unacceptable deviations as provided in "Conditions, Exceptions, Reservations or Understandings"

Single Proposal Response

If only one proposal is received in response to this RFP and it is found by STAR Transit to be acceptable, a detailed price/cost proposal may be requested of the single Offeror. A price or cost analysis, or both, possibly including an audit, may be performed by or for STAR Transit of the detailed price/cost proposal in order to determine if the price is fair and reasonable. The Offeror has agreed to such analysis by submitting a proposal in response to this RFP.

Price analysis: An evaluation of a proposed price that does not involve an in-depth evaluation of all the separate cost elements and the profit factors that comprise an Offeror's price proposal. It should be recognized that a price analysis through comparison to other similar procurements must be based on an established or competitive price of the elements used in the comparison. The comparison must be made to a purchase of similar quantity, involving similar specifications and in a similar time frame. Where a difference exists, a detailed analysis must be made of this difference and costs attached thereto.

Where it is impossible to obtain a valid price analysis, it may be necessary to conduct a cost analysis of the proposed price.

Cost analysis: A more detailed evaluation of the cost elements in the Offeror's offer to perform. It is conducted to form an opinion as to the degree to which the proposed costs represent what the Offeror's performance should cost. A cost analysis is generally conducted to determine whether the Offeror is applying sound management in proposing the application of resources to the contracted effort and whether costs are allowable, allocable and reasonable.

Any such analyses and the results there from shall not obligate STAR Transit to accept such a single proposal; and STAR Transit may reject such proposal at its sole discretion.

Appeals

Appeals to STAR Transit's decision of approved equals or clarifications of specifications must be in writing and received by STAR Transit by the time specified in the schedule. STAR Transit has no obligation to consider appeals not received within the time specified in the Schedule.

Protests

Protests resulting from the award of a contract through the RFP procedure must be made in writing to STAR Transit's Contracting Officer within three working days of the letter of non-selection to the Offeror. The protest must outline the specific portion of the specification or proposal procedure that had been violated.

Protests by an interested party regarding this procurement shall be made in accordance with Chapter 2155 of the Texas Government Code. After such administrative remedies have been exhausted, an interested party may file a protest with the Federal Transit Administration (FTA) or the U.S. Department of Transportation pursuant to the procedures provided in FTA C 4220.1F, or the Texas Department of Transportation (TxDOT). Alleged violations of certain federal requirements provide a separate complaint procedure. See, for example, Buy America Requirements, 49 CFR 661 and Participation by Disadvantaged Business Enterprise in Department of Transportation Programs, 49 CFR 23.

Failure to comply with the above protest procedures will render a protest untimely and/or inadequate and shall result in its rejection.

Conflict of Interest

Effective January 1, 2006, Chapter 176 of the Texas Local Government Code (House Bill 914) requires that any vendor or person considering doing business with a local government entity disclose the vendor or person's affiliation or business relationship that might cause a conflict of interest with a local government entity. The Conflict of Interest Questionnaire form is included in the Forms Section. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest may automatically result in the disqualification of the Offeror.

Disclosure of Interested Parties

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties (Form 1295), which is available at https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm, to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. STAR Transit require the selected Contractor to file Form 1295 electronically with the Commission at the time of Contract Award.

Protest Policy

Protests resulting from the award of a contract through the RFP procedure must be made in writing to STAR Transit's Contracting Officer within three working days of the letter of non-selection to the Offeror or proposer. The protest must outline the specific portion of the specification or proposal procedure that had been violated.

As an FTA funding recipient, STAR Transit is required to notify and keep FTA updated about the status of the

protest when it receives a third-party contract protest to which this circular applies an award given by STAR Transit.

The protester must exhaust its administrative remedies by pursuing the recipient's protest procedures to completion before appealing the recipient's decision to FTA.

Protests by an interested party, as in a party that is an actual or prospective Offeror whose direct economic interest would be affected by the award or failure to award the third-party contract at issue, regarding this procurement shall be made in accordance with Chapter 2155 of the Texas Government Code. After such administrative remedies, have been exhausted, an interested party may file a protest with the Federal Transit Administration (FTA) or the U.S. Department of Transportation pursuant to the procedures provided in FTA C 4220.1F. Alleged violations of certain federal requirements provide a separate complaint procedure. See, for example, Buy America Requirements, 49 CFR 661 and Participation by Disadvantaged Business Enterprise in Department of Transportation Programs, 49 CFR 23.

The protester must deliver its appeal to the FTA Regional Administrator within five working days of the date when the protestor has received actual or constructive notice of the recipient's final decision or when the protestor has identified other grounds for appeal to FTA, such as, the recipient's failure to have or failure to comply with its protest procedures or failure to review the protest.

Failure to comply with the above protest procedures renders a protest untimely and/or inadequate and shall result in its rejection. In the event of a timely protest received by the Contracting Officer, the following steps are performed: The Contracting Officer affects a stay of procurement during the protest.

- If the contract has not been awarded, award is delayed until all administrative and judicial remedies have been exhausted. All Offerors or proposers on the vendor mailing list are advised of the protest and of the delay in the procurement.
- The Executive Director may make a determination, in writing, that the award of a contract without delay is necessary to protect the interests of STAR Transit. This written determination is made part of the contract file by the Contracting Officer.
- The Contracting Officer notifies the President/CEO and the affected department head that a bid/proposal or proposal protest has been received.
- The Contracting Officer conducts an investigation into the protest with the assistance of STAR Transit staff or other personnel as required.
- The Contracting Officer may meet with the protesting vendor or request additional information from the vendor during the investigation
- The Contracting Officer issues the findings of the investigation in writing to all interested parties and the written report, including the original protest, is made a part of the contract file.
- The Grants and Budget Department acts as the direct liaison with FTA. The Contracting Officer supplies any records or documents requested by the Grants and Budget Department for FTA.
- The Contracting Officer makes any necessary changes to the procurement process, as pertaining to the protested bid/proposal/proposal, resulting from FTA's decision.
- The Contracting Officer makes the written report of FTA, including all related correspondence, a part of the contract file.

The Contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this contract. Each subcontract the Contractor signs with a Subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).

Offerors are required to document sufficient DBE participation to meet these goals or, alternatively, document adequate good faith efforts to do so, as provided for in 49 CFR 26.53. In addition, the Contractor is required to return any retainage payments to those Subcontractors within 30 days after the Subcontractor's work related to this contract is satisfactorily completed.

The Contractor must promptly notify STAR Transit, whenever a DBE Subcontractor performing work related to this contract is terminated or fails to complete its work and must make good faith efforts to engage another DBE Subcontractor to perform at least the same amount of work. 3.6 DBE GOOD FAITH EFFORT DOCUMENTATION (PAGE 1 OF 2)

RFP # 2021109

If the Offeror did not meet or exceed STAR Transit’s DBE subcontracting goal, then the Offeror must comply with STAR Transit’s DBE policy by documenting that good faith efforts were made. Please place a Yes or No in blanks below for items one, two and three to indicate if you have completed the good faith effort form, attached any related support documents, and provided any additional information/ support/clarification beyond that requested in the good faith effort documents. Item number three (providing additional information) is at the Offeror’s responsibility to ensure that sufficient information is provided to STAR Transit, so that good faith efforts can be comprehensively evaluated.

I, the Offeror, have (YES or NO):

- Yes No 1) Completely filled out this good faith effort form with signature and date,
- Yes No 2) Attached any related supporting documents, and also
- Yes No 3) Provided any additional information and/or documents that I (the Offeror) deemed necessary to support and/or clarify the good faith efforts that I made.

It is the Offeror’s responsibility to correctly, accurately, and substantively provide all necessary information to STAR Transit, at the time of bid/proposal submission. The information provided by the Offeror must be sufficient enough for STAR Transit to determine that the efforts made by the Offeror to obtain DBE participation were such efforts that an Offeror actively and aggressively seeking to meet those goals would make. Actions or efforts which are merely “pro forma” or “going through the motions” do not constitute good faith efforts to obtain the participation of DBEs. STAR Transit will look not only at the different kinds of efforts that the Offeror has made, but also the quality and intensity of those efforts.

This information will then be evaluated by STAR Transit’s DBE Department or a designee of STAR Transit for good faith effort compliance. Failure to comply will render the bid/proposal non-responsive.

Note: The information requested below is not intended to be an inventory or check list. The DOT does not require STAR Transit to insist that any Offeror do any particular one or any combination of the items on this list. It is not intended to be an exclusive or exhaustive list of all actions an Offeror, acting in good faith actively or aggressively seeking to obtain DBE participation would make. Other types of efforts or factors may be relevant in appropriate cases.

1. Please list each and every subcontracting and/or supplier opportunity which will be available in the completion of this project, regardless of whether it is to be provided by a DBE or non-DBE. Use additional sheets, if needed.

Note: Failure to complete and return DBE forms as indicated above, will result in rejection of the bid/proposal. The making of a material misrepresentation of fact could be a basis for disqualification and may cause a firm to be considered for classification as an irresponsible Contractor and barred from STAR Transit work for a period of not exceeding six months.

INSTRUCTIONS FOR CERTIFICATION

By signing and submitting this proposal, the Respondent/Contractor is providing the certification set out below.

1. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The Respondent/Contractor shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Owner's determination whether to enter into this transaction. However, failure of the Respondent/Contractor to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
2. The certification in this clause is a material representation of fact upon which reliance was placed when the Owner determined to enter into this transaction. If it is later determined that the Respondent/Contractor knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Owner may terminate this transaction for cause or default.
3. The Respondent/Contractor shall provide immediate written notice to the Owner to which this proposal is submitted if at any time the Respondent/Contractor learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "bid/proposal," "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549 and 12689. 5. The Respondent/Contractor agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a Subcontractor who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Owner entering into this transaction.
6. The Respondent/Contractor further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the Owner entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a Respondent/Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
8. Except for transactions authorized under paragraph 6 of these instructions, if a Respondent/Contractor in a covered transaction knowingly enters into a lower tier covered transaction with a Subcontractor who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Owner may terminate this transaction for cause or default.
