The Mission of the organization is to provide people with safe, affordable, convenient, and desirable mobility options to enrich quality of life by connecting all to services and opportunities. STAR Transit is a tax-exempt organization and is free from all state and federal taxes. No such taxes shall be included in the Offeror's charges to STAR Transit. All costs incurred in the preparation of the proposal responding to this RFP will be the responsibility of the Offeror and will not be reimbursed by STAR Transit. Issuance of this RFP and receipt of proposals does not commit STAR Transit to award a contract. STAR Transit reserves the right to postpone the proposal opening for its own convenience, to accept or reject any or all proposals received in response to this RFP, or to cancel all or part of this RFP for sound business reasons, at any time before the contract is fully executed and approved on behalf of STAR Transit. STAR Transit also reserves the right to enter into negotiations with the follow-up offeror, if STAR Transit is unable to come to an agreement with the winning party.

STAR Transit is seeking proposals from qualified and experienced firms for Managed IT Services as described in Section 2, Project Specifications, in this solicitation.

Any and all deviations must be explicitly, fully, and separately stated in the proposal by completing the Proposal Deviation Form, setting forth at a minimum the specific reasons for each deviation so that it can be fully considered and, if appropriate, evaluated by STAR Transit. All deviations not found by STAR Transit to be unacceptable shall be evaluated in accordance with the appropriate evaluation criteria and procedures and may result in the Offeror receiving a less favorable evaluation than without the deviation.

Blanket-type identification by designating whole pages or sections as containing proprietary information, trade secrets or confidential commercial and financial information will not assure confidentiality. The specific proprietary information, trade secrets or confidential commercial and financial information must be clearly identified as such.

1.4 EVALUATION CRITERIA AND PROCEDURES

Proposal will be evaluated and ranked on the basis of the following factors, the weights of which are:

- 20% - Technical Capability and Expertise
- 20% - Experience and Qualifications
- 20% - Service Delivery and Support
- 20% - Security and Compliance
- 20% - Cost and Value

All aspects of the evaluations of the proposals and any discussions/negotiations, including documentation, correspondence, and

meetings, will be kept confidential during the evaluation and negotiation process.

Proposals will be analyzed for conformance with the instructions and requirements of the RFP and Contract documents. Proposals that do not comply with these instructions and do not include the required information may be rejected as insufficient or not considered for the competitive range. STAR Transit reserves the right to request an Offeror to provide any missing information and to make corrections. Offerors are advised that the detailed evaluation forms and procedures will follow the same proposal format and organization specified in Instructions to Offerors. Therefore, Offerors shall pay close attention to and strictly follow all instructions. Submittal of a proposal will signify that the Offeror has accepted the whole of the Contract documents, except such conditions, exceptions, reservations, or understandings explicitly, fully, and separately stated on the forms and according to the instructions of Form for Proposal Deviation. Any such conditions, exceptions, reservations, or understandings which do not result in the rejection of the proposal are subject to evaluation under the criteria of Proposal Evaluation Criteria.

STAR Transit will select for any award the highest ranked proposal from a responsible Offeror, qualified under Qualification Requirements which does not render this procurement financially infeasible and is judged to be most advantageous to STAR Transit based on consideration of the evaluation Proposal Evaluation Criteria.

Evaluations of Competitive Proposals

Qualification of Responsible Offerors. Proposals will be evaluated to determine the responsibility of Offerors. A final determination of an Offerors responsibility will be made upon the basis of initial information submitted in the proposal, any information submitted upon request by STAR Transit, information submitted in a BAFO if requested by STAR Transit and information resulting from STAR Transit's inquiry of Offeror's references and its own knowledge of the Offeror.

Detailed Evaluation of Proposals and Determination of Competitive Range. Each proposal will be evaluated in accordance with the requirements and criteria specified in "Proposal Selection Process."

The following are the minimum requirements that must be met for a proposal to be considered for the competitive range. All of these requirements must be met; therefore, they are not listed in any particular order of importance. Any proposal that STAR Transit finds not to meet these requirements, and may not be made to meet these requirements, may be determined by STAR Transit to not be considered for the competitive range. The requirements are as follows:

Offeror is initially evaluated as responsible in accordance with the requirements of "Qualification Requirements," or that STAR Transit finds it is reasonable that said proposal can be modified to meet said requirements. Final determination of responsibility will be made with final evaluations.

Offeror has followed the instructions of the RFP and included sufficient detailed information, such that the proposal can be evaluated. Any deficiencies in this regard must be determined by STAR Transit to be either a defect that STAR Transit will waive in accordance with "Acceptance/Rejection of Proposals" or that the proposal can be sufficiently modified to meet these requirements.

Proposal price would not render this procurement financially infeasible, or it is reasonable that such proposal price might be reduced to render the procurement financially feasible.

STAR Transit will carry out and document its evaluations in accordance with the criteria and procedures of "Proposal Selection Process". Any extreme proposal deficiencies which may render a proposal unacceptable will be documented. STAR Transit will make specific notes of questions, issues, concerns, and areas requiring clarification by Offerors and to be discussed in any meetings held with Offerors which STAR Transit finds to be within the competitive range.

Rankings and spreads of the proposals against the evaluation criteria will then be made by STAR Transit as a means of judging the overall relative spread between proposals and of determining which proposals are within the competitive range or may be reasonably made to be within the competitive range.

Proposals not within the Competitive Range. Offerors of any proposals that have been determined by STAR Transit as not in the competitive range and cannot be reasonably made to be within the competitive range, will be notified in writing.

Discussions with Offerors in the Competitive Range. The Offerors whose proposals are found by STAR Transit to be within the competitive range or may be reasonably made to be within the competitive range, will be contacted by STAR Transit to answer any

questions and/or requests for clarifications. Each such Offeror may be invited for a private interview(s) and discussions with STAR Transit to discuss answers to written or oral questions, clarifications, and any facet of its proposal.

In the event that a proposal, which has been included in the competitive range, contains conditions, exceptions, reservations, or understandings to any Contract requirements as provided in "Form for Proposal Deviation," said conditions, exceptions, reservations, or understandings may be negotiated during these meetings. However, STAR Transit shall have the right to reject any and all such conditions and/or exceptions and instruct the Offeror to amend its proposal and remove said conditions and/or exceptions; and any Offeror failing to do so may cause STAR Transit to find such proposal to be outside the competitive range.

No information, financial or otherwise, will be provided to any Offeror about any of the proposals from other Offerors. Offerors will not be given a specific price or specific financial requirements they must meet to gain further consideration, except that proposed prices may be considered to be too high with respect to the marketplace or unacceptable. Offerors will not be told of their rankings among the other Offerors.

Best and Final Offers (BAFO). Offerors are reminded the BAFO's may not be requested and therefore their first submission should always be their best possible offer. If BAFO's are requested, once all interviews have been completed, each of the Offerors in the competitive range will be afforded the opportunity to amend its proposal and make its BAFO. The request for BAFO's shall include:

Notice that discussions/negotiations are concluded;

Notice that this is the opportunity for submission of a BAFO;

A common date and time for submission of written BAFO's, allowing a reasonable opportunity for preparation of the written BAFO's;

Notice that if any modification to a BAFO is submitted, it must be received by the date and time specified for the receipt of BAFO's and is subject to the late submissions, modifications, and withdrawals of proposals provisions of the Request for Proposal;

Notice that if Offerors do not submit a BAFO or a notice of withdrawal and another BAFO, their immediate previous offer will be construed as their BAFO.

Any modifications to the initial proposals made by an Offeror in its BAFO shall be identified in its BAFO. BAFO's will be evaluated by STAR Transit according to the same requirements and criteria as the initial proposals "Proposal Selection Process." STAR Transit will make appropriate adjustments to the initial scores for any sub-criteria and criteria which have been affected by any proposal modifications made by the BAFO's. These final scores and rankings within each criterion will again be arrayed by STAR Transit and considered according to the relative degrees of importance of the criteria defined in "Proposal EvaluationCriteria."

STAR Transit will make the award to the Offeror responsible whose proposal is most advantageous to STAR Transit. Accordingly, STAR Transit may not necessarily make an award to the Offeror with the highest technical ranking nor award to the Offeror with the lowest price proposal if doing so would not be in the overall best interest of STAR Transit.

STAR Transit reserves the right to make an award to an Offeror whose proposal is scored to be most advantageous to STAR Transit based upon the evaluation criteria, without conducting any written or oral discussions with any Offerors or solicitation of any BAFO's.

1.5 RESPONSE TO PROPOSALS ACCEPTANCE/REJECTION OF PROPOSALS

STAR Transit reserves the right to reject any or all proposals for sound business reasons, to undertake discussions with one or more Offerors, and to accept that proposal or modified proposal which, in its judgment, will be most advantageous to STAR Transit, price and other evaluation criteria considered. STAR Transit reserves the right to consider any specific proposal which is conditional or not prepared in accordance with the instructions and requirements of this RFP to be noncompetitive. STAR Transit reserves the right to waive any defects, or minor informalities or irregularities in any proposal which do not materially affect the proposal or prejudice other Offerors.

If there is any evidence indicating that two or more Offerors are in collusion to restrict competition or otherwise engaged in anti-competitive practices, the proposals of all such Offerors shall be rejected and such evidence may be a cause for disqualification of the participants in any future solicitations undertaken by STAR Transit.

STAR Transit may reject a proposal that includes unacceptable deviations as provided in “Conditions, Exceptions, Reservations or Understandings”.

Single Proposal Response

If only one proposal is received in response to this RFP and it is found by STAR Transit to be acceptable, a detailed price/cost proposal may be requested of the single Offeror. A price or cost analysis, or both, possibly including an audit, may be performed by or for STAR Transit of the detailed price/cost proposal in order to determine if the price is fair and reasonable. The Offeror has agreed to such analysis by submitting a proposal in response to this RFP.

Price analysis: An evaluation of a proposed price that does not involve an in-depth evaluation of all the separate cost elements and the profit factors that comprise an Offeror’s price proposal. It should be recognized that a price analysis through comparison to other similar procurements must be based on an established or competitive price of the elements used in the comparison. The comparison must be made to a purchase of similar quantity, involving similar specifications and in a similar time frame. Where a difference exists, a detailed analysis must be made of this difference and costs attached thereto.

Where it is impossible to obtain a valid price analysis, it may be necessary to conduct a cost analysis of the proposed price.

Cost analysis: A more detailed evaluation of the cost elements in the Offeror’s offer to perform. It is conducted to form an opinion as to the degree to which the proposed costs represent what the Offeror’s performance should cost. A cost analysis is generally conducted to determine whether the Offeror is applying sound management in proposing the application of resources to the contracted effort and whether costs are allowable, allocable, and reasonable. Any such analyses and the results therefrom shall not obligate STAR Transit to accept such a single proposal; and STAR Transit may reject such proposal at its sole discretion.

Appeals

Appeals to STAR Transit’s decision of approved equals or clarifications of specifications must be in writing and received by STAR Transit by the time specified in the schedule. STAR Transit has no obligation to consider appeals not received within the time specified in the Schedule.

Protests

Protests resulting from the award of a contract through the RFP procedure must be made in writing to STAR Transit’s Contracting Officer within three working days of the letter of non-selection to the Offeror or proposer. The protest must outline the specific portion of the specification or proposal procedure that had been violated.

As an FTA funding recipient, STAR Transit is required to notify and keep FTA updated about the status of the protest when it receives a third-party contract protest to which this circular applies an award given by STAR Transit.

The protester must exhaust its administrative remedies by pursuing the recipient’s protest procedures to completion before appealing the recipient’s decision to FTA.

Protests by an interested party, as in a party that is an actual or prospective Offeror whose direct economic interest would be affected by the award or failure to award the third-party contract at issue, regarding this procurement shall be made in accordance with Chapter 2155 of the Texas Government Code. After such administrative remedies, have been exhausted, an interested party may file a protest with the Federal Transit Administration (FTA) or the U.S. Department of Transportation pursuant to the procedures provided in FTA C 4220.1F. Alleged violations of certain federal requirements provide a separate complaint procedure. See, for example, Buy America Requirements, 49 CFR 661 and Participation by Disadvantaged Business Enterprise in Department of Transportation Programs, 49 CFR 23.

The protester must deliver its appeal to the FTA Regional Administrator within five working days of the date when the protestor has received actual or constructive notice of the recipient’s final decision or when the protestor has identified other grounds for appeal to FTA, such as, the recipient’s failure to have or failure to comply with its protest procedures or failure to review the protest.

Failure to comply with the above protest procedures renders a protest untimely and/or inadequate and shall result in its rejection. In the event of a timely protest received by the Contracting Officer, the following steps are performed:

- The Contracting Officer affects a stay of procurement during the protest.
- If the contract has not been awarded, award is delayed until all administrative and judicial remedies are exhausted. All Offerors or proposers on the mailing list are advised of the protest and of the delay in the procurement.

- The Executive Director may make a determination, in writing, that the award of a contract without delay is necessary to protect the interests of STAR Transit. This written determination is made part of the contract file by the Contracting Officer.
- The Contracting Officer notifies the President/CEO and the affected department head that a bid/proposal or proposal protest has been received.
- The Contracting Officer conducts an investigation into the protest with the assistance of STAR Transit staff or other personnel as required.
- The Contracting Officer may meet with the protesting offeror or request additional information from the offeror during the investigation.
- The Contracting Officer issues the findings of the investigation in writing to all interested parties and the written report, including the original protest, is made a part of the contract file.
- The Grants and Budget Department acts as the direct liaison with FTA. The Contracting Officer supplies any records or documents requested by the Grants and Budget Department for FTA.
- The Contracting Officer makes any necessary changes to the procurement process, as pertaining to the protested bid/proposal/proposal, resulting from FTA's decision.
- The Contracting Officer makes the written report of FTA, including all related correspondence, a part of the contract file.

Conflict of Interest

Effective January 1, 2006, Chapter 176 of the Texas Local Government Code (House Bill 914) requires that any offeror or person considering doing business with a local government entity disclose the offeror or person's affiliation or business relationship that might cause a conflict of interest with a local government entity. The Conflict of Interest Questionnaire form is included in the Forms Section. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest may automatically result in the disqualification of the Offeror.

Disclosure of Interested Parties

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties (Form 1295), which is available at https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm, to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. STAR Transit require the selected Contractor to file Form 1295 electronically with the Commission at the time of Contract Award.

STAR Transit will promptly notify Contractor of any such claim and will cooperate with Contractor in defending against any such claim. In the event any suit or legal proceeding of any kind is brought against any of the Indemnified Persons on account of any claim described in the preceding paragraph, Contractor agrees to assume the defense thereof and to pay all expenses relating thereto and in connection therewith and all judgments and levies that may be obtained against any of the Indemnified Persons as a result of any such suit or proceeding, specifically including fines, penalties, attorney's fees, exemplary damages, and interest; and Contractor agrees to at once cause any such judgments and levies to be dissolved and discharged by paying same, giving bond or otherwise.

Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as STAR Transit deems appropriate. Each subcontract the Contractor signs with a Subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).

Offerors are required to document sufficient DBE participation to meet these goals or, alternatively, document adequate good faith efforts to do so, as provided for in 49 CFR 26.53. The award of this contract is conditioned on submission of the following concurrent

with and accompanying sealed bid/proposal:

- The names and addresses of DBE firms that will participate in this contract;
- A description of the work each DBE will perform;
- The dollar amount of the participation of each DBE firm participating;
- Written documentation of the Offerors commitment to use a DBE Subcontractor whose participation it submits to meet the contract goal;
- Written confirmation from the DBE that it is participating in the contract as provided in the prime Contractor's commitment; and
- If the contract goal is not met, evidence of good faith efforts to do so.

Offerors must present the information required above as a matter of responsiveness with initial proposals.

The Contractor is required to pay its Subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the Contractor's receipt of payment for that work from STAR Transit. In addition, the Contractor is required to return any retainage payments to those Subcontractors within 30 days after the Subcontractor's work related to this contract is satisfactorily completed.

The Contractor must promptly notify STAR Transit, whenever a DBE Subcontractor performing work related to this contract is terminated or fails to complete its work and must make good faith efforts to engage another DBE Subcontractor to perform at least the same amount of work. The Contractor may not terminate any DBE Subcontractor and perform that work through.

3.6 DBE GOOD FAITH EFFORTS DOCUMENTATION

RFP # 2025114

If the Offeror did not meet or exceed STAR Transit’s DBE subcontracting goal, then the Offeror must comply with STAR Transit’s DBE policy by documenting that good faith efforts were made. Please place a Yes or No in blanks below for items one, two and three to indicate if you have completed the good faith effort form, attached any related support documents, and provided any additional information/ support/clarification beyond that requested in the good faith effort documents. Item number three (providing additional information) is at the Offeror’s responsibility to ensure that sufficient information is provided to STAR Transit, so that good faith efforts can be comprehensively evaluated.

I, the Offeror, have **(YES or NO)**

☐ Yes ☐ No 1) Completely filled out this good faith effort form with signature and date,

☐ Yes ☐ No 2) Attached any related supporting documents, and also,

☐ Yes ☐ No 3) Provided any additional information and/or documents that I (the Offeror) deemed necessary to support and/or clarify the good faith efforts that I made.

It is the Offeror’s responsibility to correctly, accurately, and substantively provide all necessary information to STAR Transit, at the time of bid/proposal submission. The information provided by the Offeror must be sufficient enough for STAR Transit to determine that the efforts made by the Offeror to obtain DBE participation were such efforts that an Offeror actively and aggressively seeking to meet those goals would make. Actions or efforts which are merely “pro forma” or “going through the motions” do not constitute good faith efforts to obtain the participation of DBEs. STAR Transit will look not only at the various kinds of efforts that the Offeror has made, but also the quality and intensity of those efforts.

This information will then be evaluated by STAR Transit’s DBE Department or a designee of STAR Transit for good faith effort compliance. Failure to comply will render the bid/proposal non-responsive.

Note: The information requested below is not intended to be an inventory or check list. The DOT does not require STAR Transit to insist that any Offeror do any particular one or any combination of the items on this list. It is not intended to be an exclusive or exhaustive list of all actions an Offeror, acting in good faith actively or aggressively seeking to obtain DBE participation would make. Other types of efforts or factors may be relevant in appropriate cases.

1. Please list each and every subcontracting and/or supplier opportunity which will be available in the completion of this project, regardless of whether it is to be provided by a DBE or non-DBE. Use additional sheets, if needed.

By signing and submitting this proposal, the Respondent/Contractor is providing the certification set out below.

1. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The Respondent/Contractor shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Owner's determination whether to enter into this transaction. However, failure of the Respondent/Contractor to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the Respondent/Contractor knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Owner may terminate this transaction for cause or default.
3. The Respondent/Contractor shall provide immediate written notice to the Owner to which this proposal is submitted if at any time the Respondent/Contractor learns that its certification was erroneous when submitted or has become erroneous because of changed circumstances.

 - II. FTA Headquarters Manager that administers the Grant or Cooperative Agreement; or
 - III. FTA Chief Counsel.

23. Resolution of Disputes, Breaches, or Other Litigation

A. FTA Interest

FTA has a vested interest in the settlement of any violation of federal law, regulation, or requirement, or any disagreement involving the Award, the accompanying Underlying Agreement, and any Amendments thereto including, but not limited to, a default, breach, major dispute, or litigation, and FTA reserves the right to concur in any settlement or compromise.

B. Notification to FTA; Flow Down Requirement

If a current or prospective legal matter that may affect the Federal Government emerges, the Recipient must promptly notify the FTA Chief Counsel and FTA Regional Counsel for the Region in which the Recipient is located. The Recipient must include a similar notification requirement in its Third-Party Agreements and must require each Third-Party Participant to include an equivalent provision in its sub-agreements at every tier, for any agreement that is a “covered transaction” according to 2 C.F.R. §§ 180.220 and 1200.220.

- I. The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.
- II. Matters that may affect the Federal Government include, but are not limited to, the Federal Government’s interests in the Award, the accompanying Underlying Agreement, and any Amendments thereto, or the Federal Government’s administration or enforcement of federal laws, regulations, and requirements.
- III. Additional Notice to U.S. DOT Inspector General. The Recipient must promptly notify the U.S. DOT Inspector General in

addition to the FTA Chief Counsel or Regional Counsel for the Region in which the Recipient is located, if the Recipient has knowledge of potential fraud, waste, or abuse occurring on a Project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the False Claims Act, 31 U.S.C. § 3729 et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bid rigging, misappropriation or embezzlement, bribery, gratuity, or similar misconduct involving federal assistance. This responsibility occurs whether the Project is subject to this Agreement or another agreement between the Recipient and FTA, or an agreement involving a principal, officer, employee, agent, or Third-Party Participant of the Recipient. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a Federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Recipient. In this paragraph, “promptly” means to refer information without delay and without change. This notification provision applies to all divisions of the Recipient, including divisions tasked with law enforcement or investigatory functions.

C. Federal Interest in Recovery

The Federal Government retains the right to a proportionate share of any proceeds recovered from any third party, based on the percentage of the federal share for the Underlying Agreement. Notwithstanding the preceding sentence, the Recipient may return all liquidated damages it receives to its Award Budget for its Underlying Agreement rather than return the federal share of those liquidated damages to the Federal Government, provided that the Recipient receives FTA's prior written concurrence.

D. Enforcement

The Recipient must pursue its legal rights and remedies available under any Third-Party Agreement or any federal, state, or local law or regulation.

A. Rights in Data and Copyrights

- I. Definition of "Subject Data." As used in this section, "subject data" means recorded information, whether or not copyrighted, that is delivered or specified to be delivered as required by the Underlying Agreement. Examples of subject data include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Underlying Agreement.
- II. General Federal Restrictions. The following restrictions apply to all subject data first produced in the performance of the Underlying Agreement:
 - a. Prohibitions. The Recipient may not publish or reproduce any subject data, in whole, in part, or in any manner or form, or permit others to do so.
 - b. Exceptions. The prohibitions do not apply to publications or reproductions for the Recipient's own internal use, an institution of higher learning, the portion of subject data that the Federal Government has previously released or approved for release to the public, or the portion of data that has the Federal Government's prior written consent for release.
- III. Federal Rights in Data and Copyrights. The Recipient agrees that:
 - a. General. It must provide a license to its subject data to the Federal Government that is royalty-free, non-exclusive, and irrevocable. The Federal Government's license must permit the Federal Government to reproduce, publish, or otherwise use the subject data or permit other entities or individuals to use the subject data provided those actions are taken for Federal Government purposes; and
 - b. U.S. DOT Public Access Plan – Copyright License. The Recipient grants to U.S. DOT a worldwide, non-exclusive, non-transferable, paid-up, royalty free copyright license, including all rights under copyright, to any and all Publications and Digital Data Sets as such terms are defined in the U.S. DOT Public Access plan, resulting from scientific research funded either fully or partially by this funding agreement. The Recipient herein acknowledges that the above copyright license grant is first in time to any and all other grants of a copyright license to such Publications and/or Digital Data Sets, and that U.S. DOT shall have priority over any other claim of exclusive copyright to the same.
- IV. Special Federal Rights in Data for Research, Development, Demonstration, Deployment, Technical Assistance, and Special Studies Programs. In general, FTA's purpose in providing federal assistance for a research, development, demonstration, deployment, technical assistance, or special studies program is to increase transportation knowledge, rather than limit the benefits of the Award to the Recipient and its Third-Party Participants. Therefore, the Recipient agrees that:
 - a. Publicly Available Report. When an Award providing federal assistance for any of the programs described above is completed, it must provide a report of the Underlying Agreement that FTA may publish or make available for publication on the Internet.
 - b. Other Reports. It must provide other reports related to the Award that FTA may request.
 - c. Availability of Subject Data. FTA may make available its copyright license to the subject data, and a copy of the subject data

to any FTA Recipient or any Third-Party Participant at any tier, except as the Federal Government determines otherwise in writing.

- d. Identification of Information. It must identify clearly any specific confidential, privileged, or proprietary information submitted to FTA
 - e. Incomplete. If the Award is not completed for any reason whatsoever, all data developed with federal assistance for the Award becomes subject data and must be delivered as the Federal Government may direct.
 - f. Exception. This section does not apply to an adaptation of any automatic data processing equipment or program that is both for the Recipient's use and acquired with FTA capital program assistance.
- V. License Fees and Royalties. Consistent with the applicable U.S. DOT Common Rules, the Recipient agrees that license fees and royalties for patents, patent applications, and inventions produced with federal assistance provided through the Underlying Agreement are program income and must be used in compliance with federal applicable requirements.
- VI. Hold Harmless. Upon request by the Federal Government, the Recipient agrees that if it intentionally violates any proprietary rights, copyrights, or right of privacy, and if its violation under the preceding section occurs from any of the publication, translation, reproduction, delivery, use or disposition of subject data, then it will indemnify, save, and hold harmless the Federal Government against any liability, including costs and expenses of the Federal Government's officers, employees, and agents acting within the scope of their official duties. The Recipient will not be required to indemnify the Federal Government for any liability described in the preceding sentence, if the violation is caused by the wrongful acts of federal officers, employees or agents, or if indemnification is prohibited or limited by applicable state law.
- VII. Restrictions on Access to Patent Rights. Nothing in this section of this Master Agreement pertaining to rights in data either implies a license to the Federal Government under any patent or may be construed to affect the scope of any license or other right otherwise granted to the Federal Government under any patent.
- VIII. Data Developed Without Federal Assistance or Support. The Recipient agrees that in certain circumstances it may need to provide to FTA data developed without any federal assistance or support. Nevertheless, this section generally does not apply to data developed without federal assistance, even though that data may have been used in connection with the Award. The Recipient agrees that the Federal Government will not be able to protect data developed without federal assistance from unauthorized disclosure unless that data is clearly marked "Proprietary," or "Confidential."
- IX. Requirements to Release Data. The Recipient understands and agrees that the Federal Government may be required to release data and information that the Recipient submits to the Federal Government as required under:
- a. The Freedom of Information Act (FOIA), 5 U.S.C. § 552;
 - b. The U.S. DOT Common Rules;

The U.S. DOT Public Access Plan, which provides that the Recipient agrees to satisfy the reporting and compliance requirements as set forth in the U.S. DOT Public Access plan, including, but not limited to, the submission and approval of a Data Management Plan, the use of Open Researcher and Contributor ID (ORCID) numbers, the creation and maintenance of a Research Project record in the Transportation Research Board's (TRB) Research in Progress (RiP) database, and the timely and complete submission of all required publications and associated digital data sets as such terms are defined in the DOT Public Access plan. Additional information about how to comply with the requirements can be found at <http://ntl.bts.gov/publicaccess/howtocomply.html>; or
 - d. Other federal laws, regulations, requirements, and guidance concerning access to records pertaining to the Award, the accompanying Underlying Agreement, and any Amendments thereto.

This restriction on publication, however, does not apply to any contract with an academic institution.

For purposes of this Contract, the term "subject data" means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of "subject data" include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

 - a. Any subject data developed under the Contract, whether or not a copyright has been obtained; and
 - b. Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the FTA.
2. Unless FTA determines otherwise, the Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.
3. The Contractor shall not be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.

F. §2254.004 Gov't Code Dispute Resolution Contract for Professional Services of Architect, Engineer, or Surveyor

The Recipient will comply with Texas Government Code, Section 2260.002, the dispute resolution process provided for in Chapter 2260 of the Texas Government Code and set forth below in subsections (a)-(d) shall be used by the parties to attempt to resolve all disputes arising under the agreement. In accordance with the Texas Civil Practice and Remedies Code, Section 114.005, the parties agree claims encompassed by Texas Government Code, Section 2260.002(3) and Texas Civil Practice and Remedies Code Section 114.002 shall be governed by the dispute resolution process set forth below in subsections (a)-(d).

- I. Notwithstanding Texas Government Code Chapter 2260.002 (3) and Chapter 114.12 and any other statute or applicable law, if the Sub-recipient's claim for breach of contract cannot be resolved by the parties in the ordinary course of business, Sub-

recipient may make a claim against Agency for breach of contract and the Agency may assert a counterclaim against Sub-recipient as is contemplated by Texas Government Code Chapter 2260, Subchapter B. In such event, Sub-recipient must provide written notice to Agency of a claim for breach of the agreement not later than the 180th day after the date of the event giving rise to the claim. The notice must state with particularity:

- a. the nature of the alleged breach;
 - b. the amount the Sub-recipient seeks as damages; and
 - c. the legal theory of recovery.
- II. The chief administrative officer, or if designated in the Agreement another officer of TxDOT, shall examine the claim and any counterclaim and negotiate with Sub-recipient in an effort to resolve them. The negotiation must begin no later than the 120th day after the date the claim is received, as is contemplated by Texas Government Code, Chapter 2260, Section 2260.052.
- III. If the negotiation under paragraph. Above results in the resolution of some disputed issues by agreement or in a settlement, the parties shall reduce the agreement or settlement to writing and each party shall sign the agreement or settlement. A partial settlement or resolution of a claim does not waive a party's rights under this Agreement as to the parts of the claim that are not resolved.
- IV. If a claim is not entirely resolved under paragraph (b) above, on or before the 270th day after the date the claim is filed with TxDOT, unless the parties agree in writing to an extension of time, the parties may agree to mediate a claim made under this dispute resolution procedure. This dispute resolution procedure is Sub-provider's sole and exclusive process for seeking a remedy or an alleged breach of contract by TxDOT if the parties are unable to resolve their dispute as described in this section.
- V. Nothing in this Agreement shall be construed as a waiver of the state's or TxDOT's sovereign immunity. This Agreement shall not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the State of Texas under this Agreement or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities, or be considered as a basis for estoppel. TxDOT does not waive any privileges, rights, defenses, or immunities available to TxDOT by entering into this Agreement or by its conduct or by the conduct of any representatives of TxDOT, prior to or subsequent to entering into this Agreement.
- VI. Compliance with the dispute resolution process provided for in Texas Government Code, Chapter 2260, subchapter B and incorporated by reference in subsection (a)-(d) above is a condition precedent to the Sub-recipient:
- a. filing suit pursuant to Chapter 114 of the Civil Practice and Remedies Code; or
 - b. initiating a contested case hearing pursuant to subchapter C of Chapter 2260 of the Texas Government Code.
